

11TH ANNUAL MEETING OF THE

*Collaborative Group
of the Americas
on Inherited
Colorectal Cancer*

OCTOBER 21-22, 2007

MARRIOTT SAN DIEGO LA JOLLA

4240 LA JOLLA VILLAGE DRIVE

LA JOLLA, CALIFORNIA

THE UNIVERSITY OF TEXAS
MD ANDERSON
CANCER CENTER

La Jolla is one of the most pristine coastlines in the continental U.S.

La Jolla Cove natives enjoy a little sunshine.

11TH ANNUAL MEETING OF THE

Collaborative Group of the Americas on Inherited Colorectal Cancer

Goal

This program was developed in recognition of the need for clinicians and scientists to keep abreast of current information in hereditary colorectal cancer research – including its implications in the prevention, diagnosis and treatment of patients with colorectal cancer. Increasing emphasis will be on awareness of and participation in development of clinical and translational trials.

Educational Objectives

(per Accreditation Council for Continuing Medical Education guidelines)

After attending the conference, participants should be able to

- review the molecular genetics of inherited colorectal cancer;
- describe clinical features of common inherited colorectal cancer syndromes;
- describe emerging research in hereditary colorectal cancer, including clinical, basic science, and psychosocial issues;
- review chemoprevention treatment options for inherited colorectal cancer;
- identify and resolve difficult case management issues in the treatment of hereditary colorectal cancer;
- discuss the role of genetic counseling and hereditary colorectal cancer registries in providing patient education and promotion of interaction between patients and researchers.

Learning Objectives

(per American Board of Genetic Counseling's guidelines)

- Appreciate the optimal use of new surgical and endoscopic treatment methods and devices used in the surgical and clinical management of hereditary colon cancer and polyposis patients.
- Increase participants' understanding and management of psychosocial issues in patients and families with hereditary colon cancer syndromes.
- Learn about new findings in the molecular and genomic arena and how it impacts genetic counseling, testing, and the clinical care in hereditary colon cancer and polyposis patients.

Target Audience

This conference will be beneficial to colorectal surgeons, medical oncologists, gastroenterologists, researchers, geneticists, nurses, colorectal cancer registry coordinators, genetic counselors, and psychologists involved in hereditary colorectal cancers.

Educational Methods

Lectures - Question and Answer Sessions - Panel Discussions - Case Presentations - Exhibit Program

Evaluation

A course evaluation form will provide participants with the opportunity to review each session and speaker, to identify future educational needs, and to comment on any perceived commercial bias in the presentations.

Accreditation/Credit Designation

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of The University of Texas M. D. Anderson Cancer Center and The Collaborative Group of the Americas on Inherited Colorectal Cancer. The University of Texas M. D. Anderson Cancer Center is accredited by the ACCME to provide continuing medical education for physicians.

The University of Texas M. D. Anderson Cancer Center designates this educational activity for a maximum of 13.00 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Ethics

The Session, *Newly Emerging Psychosocial Research*, has been designated by The University of Texas M. D. Anderson Cancer Center for 1.00 *AMA PRA Category 1 Credit™* in medical ethics and/or professional responsibility.

American Board of Genetic Counselors

The event is co-sponsored by the American Counseling Association (ACA). ACA is approved by the National Board for Certified Counselors (NBCC) to offer up to 11 contact clock hours of continuing education credit. An additional 2 contact hours will be granted by the time of the meeting, offering a total of 13 contact hours. ACA adheres to NBCC continuing education guidelines. NBCC approved contact hours will be provided by ACA. ACA offers 10 contact clock hours for every (1) continuing education unit, as approved by the American Board of Genetic Counseling. The credits offered are Category 1 CEUs.

CME Certificates and Attendance Verification Certificates

Certificates awarding *AMA PRA Category 1 Credits™* or certificates documenting attendance will be distributed to participants when an individual departs the conference. To obtain a CME certificate, physicians must submit a completed evaluation questionnaire and a CME Verification Form.

Upon request, a record of attendance (certificate) will be provided on-site to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

Call for Abstracts

Participants are encouraged to submit abstracts regarding clinical, basic science, and psychosocial aspects of hereditary colorectal cancer. We are interested in abstracts for both established projects with data to share and newly started projects. Our goal is to provide a comprehensive update on the status of clinical research and to stimulate collaborations, recruitment of subjects, and ideas for the development of other studies.

Abstracts will only be accepted electronically and should be submitted to Steve Erdman, MD, at erdmans@pediatrics.ohio-state.edu

The deadline for submission of abstracts is July 31, 2007. Acceptance of abstracts will be acknowledged by e-mail. Authors will be notified by August 24, 2007. All communication will be with the submitting author only.

Limit abstracts to one page, typed in 12 point Times New Roman font, single-spaced with one-inch margins and left justified. Organize the abstract into Background, Methods, Results, and Conclusions. Define all abbreviations and provide three keywords describing the nature and content of the abstract. Please include the name of the conference, title of your presentation, full names of all authors, highest degree, institutional affiliation, and full address at the top of the abstract. Also, please indicate the presenting author by underlining the appropriate name and if you would like your abstract considered **ONLY** for poster presentation. Abstracts will be selected for poster/oral presentations based on scientific merit and content quality.

Program

Saturday, October 20, 2007

2:00 - 6:00 pm Registration/Poster Setup

Sunday, October 21, 2007

7:30 am Registration/Continental Breakfast

8:25 **Welcome**
Lawrence C. Rusin, MD

SESSION: SURGICAL AND ENDOSCOPIC INNOVATIONS IN THE TREATMENT OF HEREDITARY COLON CANCER AND POLYPOSIS

Lawrence C. Rusin, MD - Moderator

8:30 **Minimally Invasive Surgery for Hereditary Colon Cancer**
Lawrence C. Rusin, MD

8:45 **Cocktails, Capsules and Balloons: New Tools in the Small Intestine**
Steven H. Erdman, MD

9:00 **Duodenectomy: What's New?**
J. Lawrence Munson, MD

9:15 **Enhanced Endoscopy**
Elena Stoffel, MD, MHP

9:30 **Panel Discussion**

10:00 Break

SESSION: NEWLY EMERGING PSYCHOSOCIAL RESEARCH

Susan K. Peterson, PhD, MPH - Moderator

10:30 **Health Behaviors and Strength of Colorectal Cancer Family History**
Lisa Madlensky, PhD

10:50 **Key Psychosocial Issues Among HNPCC Carriers:
Implications for Interventions**
Mary Jane Esplen, RN, PhD

11:10 **Secrets and Silent Stories from the Family Tree**
Terri Berk, MSSA

11:30 **Panel Discussion**

Noon Box Lunch Pickup

12:30 pm **CONCEPT GROUPS**

Pre-registration is recommended

Rare Tumors in HNPCC/Lynch Syndrome

Katrina Lowstuter, MS, CGC

Hamartomous Polyposis

Kevin Zbuk, MD

Polyposis Syndromes: Classifications and Genetic Factors

Marc Greenblatt, MD

When/How/Why to Use MYH Testing:

Laying the Groundwork for a Policy Statement

Kimberly Banks, MS, CGC

1:30 **Basic Science Abstract Oral Presentations**

C. Neal Ellis, MD - Moderator

2:30 **HERRERA LECTURE** - *Introduction by Miguel A. Rodriguez-Bigas, MD*

Chemoprevention in Hereditary Colorectal Cancer:

Where Are We Headed?

John Burn, MD

3:00 Break

3:30 **Gynecologic Cancers: Summary of M. D. Anderson HNPCC Consortium**

Karen H. Lu, MD

4:00 **Challenging Cases**

James M. Church, MD - Moderator

5:00 **Poster Session/Reception**

6:30 pm Dinner

Lifetime Achievement Award

Ellen McGannon, BSW

Monday, October 22, 2007

7:30 am Registration/Continental Breakfast

**SESSION: POLYPOSIS SYNDROMES IN CHILDREN: MORBIDITY,
MORTALITY AND THERAPY**

Steven H. Erdman, MD - Moderator

8:30 **Phenotype Expression of Germline Biallelic Mismatch Repair
Mutations in Children**

Carol A. Durso, MD, MSc, FRCPc

8:50 **Extracolonic Involvement in Pediatric FAP**

Thomas M. Attard, MD

- 9:10 **Juvenile Polyposis Syndrome in Infancy**
Sherry C. Huang, MD
- 9:30 **Panel Discussion**
- 10:00 Break
- 10:30 **Clinical Science Abstract Oral Presentations**
Paul Wise, MD - Moderator
- 11:30 **INVITED LECTURE** - *Introduction by Ellen McGannon, BSW*
Updates on the Causes of Colon Cancer from the Colon CFR
Robert Haile, DrPH
- Noon **PATIENT PERSPECTIVES** - *Introduction by Steven H. Erdman, MD*
What Do Patients Want: Observations from the Peutz-Jeghers Syndrome Online Support Group
Stephanie Sugars
- 12:30 pm Lunch
- 1:00 **BUSINESS MEETING/ELECTION**
Presidential Remarks
Lawrence C. Rusin, MD
- Organization Reports:**
HCCRT - Thomas Weber, MD
InSiGHT - Miguel A. Rodriguez-Bigas, MD
CGE - John Burn, MD

SESSION: CONTROVERSIES IN GENETIC TESTING

Katrina Lowstuter, MS, CGC and Angela Schwab, MS, CGC - Moderators

- 1:30 **New Genetic Testing Options and Their Clinical Utility**
Jeffrey Weitzel, MD
- 1:45 **Testing for BRAF and Hypermethylation in Colon Cancer: What Does it Mean?**
Wade Samowitz, MD
- 2:00 **MYH: Who and When to Test**
Stephen Gruber, MD, PhD, MPH
- 2:15 **Update on Hereditary Pancreatic Cancer**
Jennifer Axilbund, MS, CGC
- 2:30 **Panel Discussion**
- 3:00 Break
- 3:30 **Awards & Election Results**

3:35 **Report from Concept Groups**

SESSION: KEY TOPIC UPDATE: SERRATED POLYPOSIS

James M. Church, MD - Moderator

4:00 **Changing Histological Paradigm**

Rhonda Yantiss, MD

4:30 **Clinical Implications**

Matthew Kalady, MD

5:00 Adjourn

Registration Information

On-site registration opens at 2:00 p.m. on Saturday, October 20, 2007 in the Ballroom Foyer. The opening session of the conference will begin at 8:25 a.m. on Sunday, October 21, 2007, and the conference will adjourn at 5:00 p.m. on Monday, October 22, 2007. Advance registration is encouraged as space and materials are limited. Please see the registration form for applicable fees.

The deadline for advance registration is Friday, October 5, 2007.

There are four ways to register:

- Mail to Department of CME/Conference Services, Unit 1381, The University of Texas M. D. Anderson Cancer Center, P.O. Box 301439, Houston, TX 77230-1439
- Fax to 713-794-1724
- E-mail to register@mdanderson.org
- On-line at www.mdanderson.org/conferences

We accept the following forms of payment:

- Check (payable through U.S. banks only)
- Money order
- Credit cards (MasterCard, VISA, and American Express)
- Cash (on-site registration only)

A receipt and confirmation letter will be sent to you within ten working days of receipt of your registration. The conference registration fee includes the tuition, final program syllabus, continental breakfasts, lunches, breaks, and Sunday night dinner.

Refund/Cancellation Policy

The registration fee, minus a \$50 administrative handling fee, is refundable if a written request is received on or before October 5, 2007. No refunds will be granted after that date. The request for a registration refund must include the tax identification number of the company or institution if registration was paid by a company or institution check. Although no refunds will be granted after October 5, 2007, you may transfer your registration to a colleague. For additional information, contact CME/Conference Services at 713-792-2223 or toll free at 866-849-5866.

The Department of CME/Conference Services reserves the right to cancel activities prior to the scheduled date, if low enrollment or other circumstances make it necessary. Each registrant will be notified by mail, e-mail, or at the phone or fax numbers given on the registration form.

In case of activity cancellation, the liability of the Department of CME/Conference Services is limited to the registration fee. CME/Conference Services will refund the full registration fee. The Department of CME/Conference Services reserves the right to limit the number of participants in a program and is not responsible for any expenses incurred by an individual whose registration is not confirmed and for whom space is not available.

Special Assistance

Contact the Department of CME/Conference Services at 713-792-2223 or toll free at 866-849-5866 if you have any special dietary or ADA accommodation needs.

Accommodations

- A block of rooms has been reserved for conference attendees at the Marriott San Diego La Jolla, 4240 La Jolla Village Drive, La Jolla, CA 92037.
- Early hotel reservation is suggested.
- Marriott Reservations' number is 800-228-9290 or the hotel phone number is 858-587-1414.
- When you make reservations, be sure to mention the **CGA-ICC 11th Annual Meeting** to be assured of receiving the special meeting rate of \$159.00 single or double occupancy plus applicable state and local taxes (currently 10.5%) and a fifteen cent Tourism Fee.
- Reservations and deposits received after September 20, 2007, will be confirmed if space is available and at currently published hotel guest room rates.

Air Travel

The University of Texas M. D. Anderson Cancer Center has a program with Continental Airlines for discounted air travel. For discounts, call your travel professional or Continental's MeetingWorks toll free at 800-468-7022. Outside of the United States, please call your local Continental Airlines Reservation Office.

Also, you may book online at www.continental.com. Enter your Z Code: **ZKCS** and Agreement Code: **3L23GL** in the Offer Code Box when searching for flights.

Lower fares may be available on the Internet or through your travel agency.

Ground Transportation (prices subject to change)

Taxicabs are available at an estimated cost of \$30.00 from San Diego International Airport to the Marriott San Diego La Jolla.

The Xpress Shuttle services the San Diego area from the San Diego International Airport, including La Jolla. The cost is \$16.00 one-way per person. For further information check the website at www.xpressshuttle.com/san_diego.htm or (800)900-7433.

Please let us know what specific topics, issues or questions you wish to see addressed or emphasized in this activity. Fax or e-mail CME/Conference Services. All responses will be forwarded to the Program Chair for consideration.

Collaborative Group of the Americas on Inherited Colorectal Cancer

In 1995, the Collaborative Group of the Americas on Inherited Colorectal Cancer (CGA-ICC) was established to improve understanding of the basic science of inherited colorectal cancer and the clinical management of affected families. Its broad aims are to enhance the study of inherited colorectal cancer through

- education of physicians, allied health-care professionals, patients and their families;
- linkage to clinical and chemoprevention trials;
- integration of molecular and clinical research at local and national levels;
- resource for registry development and support of polyposis, inherited colorectal cancer, and cancer genetics.

Included among CGA-ICC members are many of the most prestigious international colorectal cancer registries and clinics. Individual members include colorectal surgeons, medical oncologists, gastroenterologists, researchers, geneticists, nurses, colorectal cancer registry coordinators, genetic counselors, and psychologists. Typically, attendance at the annual meeting ranges from 150-200 individuals which serves to promote personal interactions and collaboration among the participants.

The University of Texas M. D. Anderson Cancer Center has implemented a process whereby everyone who is in a position to control the content of an educational activity must disclose all relevant financial relationships with any commercial interest that could potentially affect the information presented. M. D. Anderson also requires that all faculty disclose any unlabeled use or investigational use (not yet approved for any purpose) of pharmaceutical and medical device products. Specific disclosure will be made to the participants prior to the educational activity.

Agendas are subject to change because we are always striving to improve the quality of your educational experience. M. D. Anderson may substitute faculty with comparable expertise on rare occasions necessitated by illness, scheduling conflicts, and so forth.

Photographing, audiotaping or videotaping is prohibited.
